

# ఓనిమా Practice Topics & Preparation Guide for Participants and Parents

– Padma indraganti for Matlaata Team, July 06, 2025

## How to Use This Guide

This guide includes practice topics used in previous years, along with helpful suggestions (written in English) to support preparation. These descriptions are meant to spark ideas and help participants organize their thoughts—but you do **not** need to include every point listed.

Participants are encouraged to bring their **own stories, opinions, and creativity**. Even though the ideas below are written in English to help with planning, **your speech must be given in Telugu**.
